

## INSIDER'S EDGE: Issue 160: Introducing the Maryland Department of Health

Good morning, Insiders! Yes, you read that correctly. The Department of Health and Mental Hygiene is now the **Maryland Department of Health, or MDH**. This update reflects the holistic nature of health services that the department oversees, including behavioral health.

Insiders, this means that **Marge has a new email address**. Please write to [mdh.medicaidmarge@maryland.gov](mailto:mdh.medicaidmarge@maryland.gov) with questions or suggestions for new topics!

And now, the moment you've been waiting for, a new logo!

While the MDH new name and "branding" is phased in, you may have questions (of course you do!). Here's some tips on how to navigate the new MDH name:

- If you operate social media accounts, please make sure that references to our department use the updated name.
- The URLs for our web pages have been updated to replace "dhmh.-" with "health.-" – visitors who type an outdated address should be automatically redirected to the updated address, thanks to our IT colleagues. Email addresses beginning with "dhmh." have also been changed to "mdh." All messages will be forwarded to the new format, but be sure to update as necessary.

*Don't forget to write! Send emails to [mdh.medicaidmarge@maryland.gov](mailto:mdh.medicaidmarge@maryland.gov).*
